

# 2011 PET Product GUIDE

We asked our local pet stores to share with us their favorite gear. If you don't know what to buy for your dog or cat—or the animal lover in your life—let these experts guide the way.

## RUFF WEAR Collar/Leash

The Flat Out Leash by Ruff Wear is three leashes in one—convert the leash to a hand-held, waist-worn, or fixed leash (clipped around a tree, for instance). The Talon clip allows for easy, one-handed clipping to the collar. The rugged Hoopie Collar completes the set-up. A side-release buckle is safe and secure, while a separate ID tag attachment point minimizes jingling. Available in four solid colors and four patterns (shown: Lotus). **Leash: \$29.95; collar: \$14.95**
